

Educational Package

CLIMATE CHANGE is a reality we can no longer choose to ignore. Knowledge of the causes and how we can mitigate climate change is the weapon of choice to limit or cease the destruction of our planet.

Founded in 1992, **FUNZI KINAZINI DAY DHOW SAFARI** has hosted over **3000** tourists this **year**. Committed to sustainability, we provide educational day trips to schools, universities, and companies, focusing on conservation, preservation, sustainable practices, and environmental education, alongside enjoyable Dhow cruise experiences and delicious swahili food.

WHY VISIT US?

KES 1,500
PER STUDENT

PRICE

Our **Educational package** offers affordable rates, making eco-tourism accessible to a wider audience. By keeping costs reasonable, we promote inclusivity, allowing more people to participate in **conservation** and **environmental education** experiences while supporting sustainable practices in Funzi Bay.

ITINERARY

Welcome in Bodo with a light breakfast and a talk on mangrove forest conservation and preservation in Funzi Bay.
Visit to the mangrove nursery to learn about different species of mangrove and their seedlings and discussions on reforestation.
Participate in planting mangrove seedlings in depleted areas while observing various bird species.
Dhow ride to a sandbank for swimming and team-building games.
Journey to Kinazini Island for a delicious lunch, followed by a summary and Q&A session.
Return to Bodo Base via boats to the visitors transportation vehicles.

MENU

LIGHT BREAKFAST - Tea, Mahambri and Mbahazi.
